This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

RULES AND REGULATIONS.

The Librarian shall have the general charge of the Libraries, and shall be responsible for the safe keeping of the books, and all other property belonging thereto.

REFERENCE LIBRARY.

The Reading Room shall be open to the public gratuitously, every day (Sundays, Christmas Day, New Year's Day, Good Friday, and Whit-Friday and Saturday excepted), from the hours of Half-past Nine in the Morning to Nine in the Evening.

No person shall be admitted who is in a dirty condition, or appears to be intoxicated. No audible conversation nor smoking will be permitted neither shall any person be allowed to take refreshments in the room.

Every reader shall sign a receipt for every book delivered to him for perusal; and shall, before leaving the room, return the book into the hands of the Librarian.

No person, other than the Librarian and his assistants, shall be allowed to take any books from the shelves, or pass within the railing.

Any person not re-delivering to the Librarian the book which shall have been lent to him for perusal before leaving the room, or who shall damage, soil, or write in any of the books, shall be required to pay the value of the book or set of books; or to replace the same, without delay with a new copy of the work of equal value; and such person shall thereupon be entitled to the damaged copy.

The Librarian shall refuse books to any person who neglects or refuses to comply with the rules and regulations of the Library; and shall not permit any person to remain within the Library who shall wilfully offend against such regulations, or be guilty of any disorderly or improper conduct therein.

No person under the age of fourteen shall be admitted to the Reference Library, except in special cases. to be determined by the Librarian.

A Ratepayers' Proposition Book is kept by the Librarian, to receive suggestions from readers as to any books they may consider desirable to be introduced into the Libraries. This book is laid before the Committee for consideration at their monthly meetings.
